### **Sri. J.V. Ranga Raju**

Chairman Nagarjuna Group of Institutions,  
Director - NCC Ltd

Established in the year 1995 by Sri J V Ranga Raju, a renowned industrialist and process and service to humanity. philanthropist, Nagarjuna Education Society has come a long way from its modest beginnings. Over the years, we have successfully been able to foster the founder's mission to provide students with quality education and augment the Human Resources capital

through education and training. Our belief in the principle of 'Total Quality' combined with intellectual depth and training, necessary to pursue productive careers has prompted him to set up the prestigious educational institutions. The founder's dream is to nurture this institution and make it a "Vidyaniketan" with a difference. Emphasis is laid on preparing students to be conscientious and responsible citizens with a sense of integrity and honesty, who will be imbued with a spirit of adventure, exploration, research and creativity. Our ultimate aim is to help the children achieve all round development of the personality and that is being achieved through individual attention and care for all the students of the school. We have witnessed with pride and satisfaction the steady progress of the school from a mere strength of 15 students in the year 1995 to a mighty institution with over 1200 students. The school has already carved a niche for itself in the field of education. We have dedicated ourselves to the nation building

### **Vision**

Leadership and Excellence in Education

### **Mission**

To fulfill the vision by imparting total quality education replete with the philosophy of blending human values and academic professionalism

### **Faculty**

Our loyal and committed faculty is the backbone of our school. Most of our staff has been with us from the school's inception. We understand that children develop a deep bond with their teachers, as they look up to them as mentors. So it becomes increasingly important to have a staff that is passionate about teaching. It is a matter of pride for us to have their unwavering support. Our experienced faculty combined with our new facility makes Nagarjuna Vidyaniketan a preferred choice for many parents wishing for a quality education for their children

### **School Objective**

To instil a patriotic sentiment, a love for the nation and the will to become 'partners in progress' of our country while simultaneously moulding 'global citizens'.

- To promote individual dignity of labour and self reliance.
- To ignite a passion for the environment and provoke actions against its degradation.
- To involve parents as prime factors in the child's learning process.
- To inculcate a high moral fibre, a spirit of inquiry and a scientific temper among the students and to give them the competitive edge.
- To equip our pupils with the dexterity of hand and the vigilance of mind required to appeal to the higher sensibilities.
- To provide a platform for our students to exhibit their adroitness in the play field and excel in their chosen sport.

### **Pre-Nursery to 11<sup>th</sup> STD**

Learning at Nagarjuna Vidyaniketan is comprehensive and multi dimensional.

We follow a multi disciplinary approach to education. Our teaching practices are oriented towards self learning, interest, ability and learning at one's own pace. It is based on concepts and not the gross content. It is child friendly, value driven and related to real life. Teaching – Learning at Nagarjuna Vidyaniketan

### **Learner Centred Teaching**

Concept based teaching

Learning at one's own pace

Student led research

Team learning

Individual attention

Learning based on understanding of concepts

Value inculcation through discussion and debate

Incremental learning – based on abilities and understanding

Indian culture – a learning resource

Personalized individual attention

## Assessment Education

Assessment Salient features of the school As directed by the CBSE Board, New Delhi, classes VI – X will have two Formative Assessments and one Summative Assessment during both the terms of an academic session. Necessary amendments will be introduced in line with the instructions from the Board. Classes I – V will have continuous assessments on a regular basis. Along with scholastic skills, co- scholastic skills will also be tested during both the terms. Special focus is laid on Life Skills, Attitude and Values, participation and achievements in competitions as well as literary activities, creative and scientific skills. Aesthetic skills and performing arts are also assessed. Due importance is given to clubs, Health and Physical Education programs. **Salient Features of the School**

Nagarjuna Vidyaniketan provides the right atmosphere for your child to grow and nurture his/her skills. We have a beautifully landscaped campus equipped with all modern amenities. NVN hopes to grow in synergy with this environment, and thus enable young minds to seize the opportunities that come their way. The spacious campus provides facilities for large classrooms,

Halls for Activity, Laboratories and Computer Rooms. Outdoor activities, such as athletics, badminton, cricket, football, volleyball, tennis, skating etc, are also conducted in the campus.

## Smart Board

Smart Boards In this era of unprecedented knowledge explosion, Nagarjuna Vidyaniketan, Bangalore North has been quick to capitalize on technological resources. The SMART CLASS provides our students with an education experience par excellence. Smart Class Knowledge, we believe, is an eternal quest of which learning forms an essential component. The present century has noted the global trend of unprecedented explosion of knowledge in different spheres. It has led to new technologies and we, at NV N Bangalore North have been quick to capitalize on this essential component, that is – bringing technology into the classroom, hence giving vent to the 'Smart Class'. The Smart Class has facilitated better comprehension and improved learning and reiterated the fact that technology is an integral part of the school system

## Computer Education

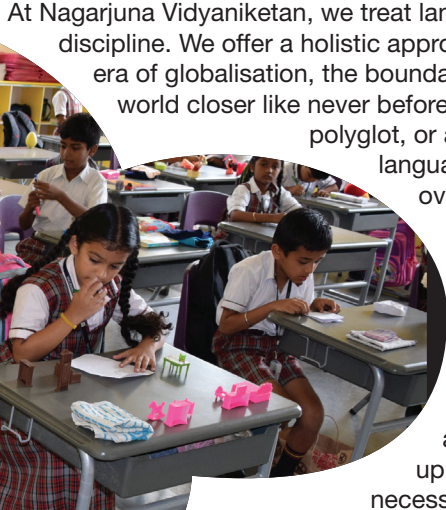

Computer education is an integral part of the curriculum at NVN, Bangalore. The state- of- the- art computer laboratory with over a 1 00 systems is very popular

with the students. Students are trained to learn the latest software applications and programming languages. The school offers computer education from Grade I to Grade XII. The highly qualified teachers impart the knowledge of computers and fully equip the students for the challenges of the computer age. Computer Science and Informatics Practices prescribed by the CBSE are offered as optional subjects to students at the Senior Secondary level. When it comes to resources NVN never takes a back seat. The school is equipped with corporate class computer labs, two of them, to cater to the tech needs of all learners. Here they create virtual magic aptly guided by the cyber- sentinels, the teachers. Two spacious computer labs, for the exclusive use of the Primary, Middle and Senior school students respectively ensure that our students are well equipped with technological knowledge and induce them to be at their creative best!

### **Language Lab**

At Nagarjuna Vidyaniketan, we treat languages on par with any other discipline. We offer a holistic approach to learning languages. In this era of globalisation, the boundaries are shrinking and bringing the world closer like never before. So it becomes imperative to be a polyglot, or a person who could speak multiple languages, as it gives you a definite edge over others in terms of communication. Based on the age and standard the student belongs to, we offer a set of languages, both Indian and international. The language lab contains an array of tools and implements that help in learning languages. Considering we have a lot to offer in this regard, setting up of a language lab was more of a necessity

### **Art and Craft**

The school has a well established Arts and Crafts centre which educates students about various arts and crafts. Be it painting, pottery, clay modelling, origami, we offer a wide scope for students looking to hone their inherent talents. Apart from what we offer, we're constantly expanding our repertoire of crafts. In order to motivate students further, we conduct exhibitions showcasing their art from time to time

### **Physical and Health Education**

A sharp and agile mind can be housed only in a fit and healthy body and NVN is synonymous with the term holistic development. At NVN, emphasis is placed on the balanced all- round development of our children. Sports occupy an important place in our school curriculum. Apart from the regular activities pertaining to Physical Training that are incorporated into the timetable, proficiency in games

like Table- Tennis, Basketball and Football is also encouraged. Special coaching is offered to those interested in Karate, Skating and Tennis. The institution slots sports alongside academics. Regular physical training periods have been carved in the daily schedule tablet. Monitored activities take place during these sessions. Apart from this there are special coaching classes for cricket, rugby, basketball and swimming, to name a few. The carrying out of these does not hamper the chalked out curricular routine

### **Martial Arts**

Along with sports, we encourage students to take up martial arts from a young age to help protect themselves in times of danger, while also setting a foundation for a fit mind and body. Children who take up martial arts are often courageous and grow up to be fit individuals, which may benefit the society when the situation demands it. Both girls and boys actively participate in martial arts activities and hence reaping its many benefits, and earning mutual respect among one another irrespective of gender.

### **Yoga and Meditation**

Children have boundless energy which is often spent recklessly. While it is important for children to play, learning to channelize that energy in the right way can be very productive. Our Yoga centre holds regular meditation camps that teach students about the benefits of yoga and the asanas for healthy living

### **Music and Performing arts**

(Drama and Dance) Students make use of the Amphitheatre and the audio- visual room from time to time for staging plays and dance performances. Our state-of-the- art audio- visual equipment and the acoustic- friendly amphitheatre provide a perfect setting for that perfect performance

### **Library**

- Literary Retreat The school has a spacious, well ventilated and rich library with a large collection of books covering various subjects and genres. Reference materials are available in abundance. Periodicals and journals keep our students well informed about emerging and contemporary trends; the reservoir of fiction serves as a means of relaxation, while the vast repertoire of encyclopaedia and other reference books provides food for thought in sedate surroundings. It ensures that good reading habits are inculcated in students at a tender age.

### **Scout guides clubs and bulbul**

Unit We believe that it is very important for a child to learn survival tactics in today's world. These clubs help students learn self reliance and the importance of 'service to humanity'. The periodic camps help students understand teamwork and cooperation through activities such as B.P, exercises, knots, gadget making, tent pitching, mapping, first aid etc. Nature conservation and afforestation is also a salient feature of these camps. The unit was very successful since its inception and have also won awards for their outstanding work and service to the society

### **The Medical Unit**

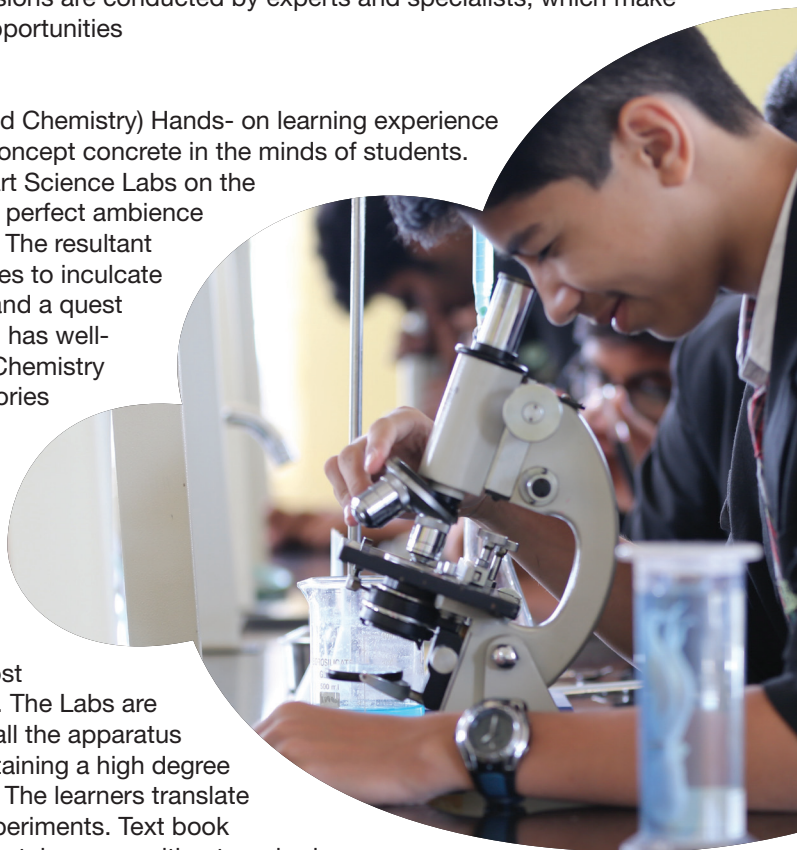

The well- equipped health clinic provides medical attention to any student when the need arises. A qualified trained nurse is on duty throughout school hours on all working days. Also an ambulance is always on standby for any medical emergency that may arise, including a qualified counsellor to ensure the mental well being of our students. 'Curing With Compassion' is our motto. Furthermore, workshops and sessions are conducted by experts and specialists, which make for great learning opportunities

### **Science Labs**

(Biology, Physics and Chemistry) Hands- on learning experience helps to make the concept concrete in the minds of students.

Our state- of- the- art Science Labs on the campus provide the perfect ambience for brains to collide. The resultant fission of ideas serves to inculcate a scientific temper and a quest to excel! The school has well-equipped Physics, Chemistry and Biology laboratories with the most modern facilities.

The Science Labs provide ample scope to the students of the middle school and the senior school to experiment and boost their spirit of inquiry. The Labs are well equipped with all the apparatus required while maintaining a high degree of safety standards. The learners translate their visions into experiments. Text book information suddenly takes an exciting turn, brains buzz, fingers frisk and exhilaration is experienced. In addition

to that the school has also set up a Math Lab, as well as a Social Science Lab in order to ensure effective learning

### **Club Activity**

With a school of such massive proportions, also come different interests. There are many clubs operating in the school premises. From activity based clubs to interest based clubs, there is room for everything. While there are many, the Yoga Club, Fine Arts Club, Hobby Club and Literary Club make up for the mainstream clubs that the students are actively part of. Eligibility of Admission § Children who complete three and a half years on or before 31 st May will be eligible for admission for Lower Kindergarten ( LKG).

- Application for admission to LKG should be made in the prescribed form, which can be obtained from the school office and should be submitted along with a photocopy of the Birth Certificate. The application forms will be available at the school's office from the 1 st of November every year.
- Admission to other classes will depend on the availability of seats. Interested parents are requested to register their wards name. Admission will be granted based on the results of admission tests, ( normally conducted during the first week of February) and the results of the final examination of the previous class.
- Original Date of Birth certificate with the pupil's name and a transfer certificate from a recognized school should be submitted at the time of admission. ( All these should bear the stamp of authority signing it) . The Transfer certificate should be countersigned by the District Education Officer or by the CBSE Regional Officer. School Fee Please contact the school for details of the fees.
- As the school is a self- financing organization, the fee structure may change from time to time to meet the additional expenditure.
- The tuition fee and transport fee will be charged for 1 2 months to be paid in 4 instalments

### **Nagarjuna Pre University**

College A unit of the Nagarjuna Education Society, it was established in the year 2000, and since then, has become a pioneer in quality education. The institution strives ceaselessly to inculcate professionalism and value based education in students providing a platform to achieve excellence in future endeavours.

### **SCIENCE**

1. Physics, Chemistry, Mathematics, Biology ( PC MB)
2. Physics, Chemistry, Mathematics, Computer Science ( PC MC)
3. Physics, Chemistry, Mathematics, Electronics ( PC ME)

### **COMMERCE**

1. Business Studies, Statistics, Computer Science, Accountancy ( BSCA)
2. Business Studies, Economics, Computer Science, Accountancy ( BECA)

## FEATURES

- Highly qualified, dedicated and experienced teaching staff.
- Spacious, well ventilated and furnished classrooms.
- A fully equipped and air- conditioned computer lab.
- Physics, Chemistry, Electronics and Biology labs with the latest equipment.

- Exclusive playground to undertake outdoor sporting activities.
- Spacious sports room for indoor activities.
- Personal counselling for students.

## Nagarjuna college of Engineering and Technology

Established in the year 2001 with the aim of tapping the talent of aspiring engineering professionals, it has been a tremendously successful journey. It is affiliated to Visveswariah Technological University, recognized by the Government of Karnataka and approved by AIC TE, New Delhi. It is set up in an area of over 100 acres of land with lush greenery right opposite to Nandi Hills on the National Highway NH- 7 and is well connected to the city. It has an area of 1 lakh sqft built- up space with well- equipped labs and workshops, along with facilities like Modern Seminar Halls, a spacious library with the latest books, a Modern Computer Lab and Wi- Fi set up all over the campus. Besides the excellent faculty the college houses, an equally impressive infrastructure. To add another feather to the cap, the students have far exceeded our expectations by obtaining a total pass percentage of 90%, out of which an impressive 80% students secured first class and distinction.

## Courses Offered

- Electronics & Communication Engineering
- Computer Science and Engineering
- Information Science and Engineering
- Bio- Technology
- Mechanical Engineering
- Civil Engineering
- MBA programme

The placement cell of NCET does an excellent job in offering training programmes for students before the recruitment begins. The training is a holistic process where the students are taught soft skills, effective communication, and on- job requisites essential for the professional of today. Over 85% placement was achieved in the year 2006- 07, which continues to increase. Over 25 national and multinational companies conduct campus recruitment camps regularly at NCET, and thanks to our outstanding track record, we're adding more companies to our list with time

# NGI

Nagarjuna College of Engineering and Technology (NCET) is a premier top-rated institution under Nagarjuna Group of Institutions (NGI) and has been proudly promoted by NCC since 2001. NCC has been ranked the "2nd Largest Construction Company in India" by a Construction World-NICMAR study. Having produced landmark civilengineering projects worth billions in the last three decades, NCC today, represents the very best of the construction industry.

NCET is blessed with a strikingly beautiful campus very close to Bangalore International Airport with exceptional infrastructure and academic facilities. The institution has been granted autonomy by Visvesvaraya Technological University (VTU) and has been accredited by NAAC with an A grade. Our departments have also been accredited by the National Board of Accreditation for quality academic output. The institution is ISO certified and has been approved by the UGC and AICTE.

NCET is home to some of the finest academicians hailing from IITs, NITs and the IISc. The institute enjoys an efficient confluence of industry and academia with industry oriented curriculum transforming it into a centre of academic excellence for the overall development of the student community and the nation.
