Our Vision

We wish to induce in them the energy to act for a better world, and inspire them to work with enthusiasm to realize that dream. In order to achieve this, we constantly strive to create a culture which is a partnership of support and care, while incorporating a love for learning and laughter.

Our Mission

To bring a desirable social change by providing the children with uncompromised quality education. Enable them to think positively and develop self confidence to fulfill societal, national and global needs and aspirations.

Principal Message

**“The function of education is to teach one to think intensively and to think critically. Intelligence plus character that is the goal of true education”
Martin Luther King”**

Welcome to the school year 2023-24 of Nagarjuna Vidyaniketan. NVN has grown tremendously over the years and I am eager to make sure we continue to move forward this year. We will continue to provide a positive safe learning environment that motivates our students to push themselves to their greatest potential. I plan to work with parents, teachers and community members to ensure that we intellectually challenge our students to become critical thinkers to inspire them to overcome their fears, and teach them to support one another so that they can become leaders of their generation. It will be a great year!!!

SCHOOL POLICIES

Curriculum

Our curriculum is designed to enhance creative thinking, enquiry and problem solving skills, based on the three verticals namely character, competence and content.

Classroom

Support and guidance helps teachers and learners perform to their maximum ability. We offer world-class teacher and learner resources.

Qualifications

Provide learners with a global passport to success. We offer reliable, rigorous and flexible assessment, leading to internationally recognized qualifications.

Community

We offer an engaged and caring learning community.

OVERVIEW

Our school strives for the overall development of the child and the curriculum is designed to facilitate and inculcate good values among the students. Our teachers are facilitators who are willing to cater to the specific requirements of each child. At the same time they inspire each child to raise his or her own expectations. They teach children how to think for themselves rather than load their memory with thoughts of others.

CLASS ROOM

Each classroom houses a large area which is designed in a way that every student gets the teacher's maximum individual attention. The strength of each class is kept at a manageable level and the comfortable furniture adds to the ambience of the classroom. Well-ventilated with huge windows, they offer the right atmosphere for learning. The white boards and bulletin boards placed at vantage points make learning easier and interesting. In addition to that each classroom is provided with stands for flip charts and other show-and-tell purposes. Spacious, airy and well-lit class rooms decked with modern and comfortable furniture make learning a fun filled activity. Non reflective Green Boards are provided for a comfortable and fruitful teaching – learning process. Display Boards are provided in all classrooms and corridors to create a perfect ambience and to spur the children's creativity.

LIBRARY

The school has a spacious, well ventilated and rich library with a large collection of books covering various subjects and genres. Reference material is available in abundance to ensure everybody gets has proper access to them. Periodicals and journals keep our students well informed about emerging and contemporary trends, while the reservoir of fiction serves as a means of relaxation. The vast repertoire of encyclopaedia and other interest books provide food for thought in sedate surroundings. It ensures that good reading habits are inculcated in students at a tender age.

Hands-on learning experience helps in making the concept concrete in the minds of students. Our state-of-the-art Science Labs provide the perfect ambience for brains to collide. The resultant fission of ideas serves to inculcate a scientific temper and a quest to excel. The school also has a well-equipped Physics, Chemistry and Biology laboratories with the most modern facilities. The labs

provide ample scope to the students of the middle school and the senior school to experiment and boost their spirit of inquiry. These Labs are well equipped with all the apparatus required while maintaining a high degree of safety standards. As the learners translate their visions into experiments, textbook information suddenly takes an exciting turn, brains buzz, fingers frisk and exhilaration is experienced. In addition to that the school has also set up a Math lab, a Social Science lab as well as a Language lab in order to ensure effective learning.

AMPHITHEATRE

The spacious auditorium which has a seating capacity of about 2000 is equipped with the best acoustics and light systems. The auditorium helps students to conduct quizzes, debates and concerts.

SCIENCE LABORATORIES

- Hands-on learning experience helps in making the concept concrete in the minds of students. Our state-of-the-art Science Labs provide the perfect ambience for brains to collide.
- The resultant fission of ideas serves to inculcate a scientific temper and a quest to excel.
- The school also has a well-equipped Physics, Chemistry and Biology laboratories with the most modern facilities.
- The labs provide ample scope to the students of the middle school and the senior school to experiment and boost their spirit of inquiry.
- These Labs are well equipped with all the apparatus required while maintaining a high degree of safety standards.

COMPUTER LABORATORIES

- Computer education is an integral part of the curriculum at NVN, Bangalore.
- The state-of-the-art computer laboratory with 100 systems is very popular with the students.
- Students are trained to learn the latest software applications and programming languages.
- The school offers computer education from Grade I to Grade XII.
- Highly qualified and experienced teachers impart knowledge, and fully equip the students to face the challenges of the computer age.

AUDITORIUM

- An architect's delight, the auditorium equipped with the latest technology is the school's pride.
- Its multipurpose usage for Assembly Functions, Parent Orientations, Lesson Enrichment and as a Lecture Room makes good utility of the facility for learning.

AUDIO VISUAL ROOM

- The use of audio visual aids is well integrated with the school curriculum and used by the staff and students alike.
- The Audio-Visual Room with its OHPs, slide projector and screens is equipped both for teaching and presentations by students.
- A large collection of educational CDs and DVDs are used regularly as teaching.

ACTIVITY HIVE

The Basement of the school is perpetually abuzz with a plethora of activities ranging from drama workshops, to dance classes, yoga sessions and indoor games.

ART GALLERY

- Synaesthetic temperament is nurtured and showcased in the Art Gallery.
- A blend of colour and design elevates the human mind to merge it with the Supreme Being.
- Regular art exhibitions are held to nurture & provide individual and collective talent.

SPORTS

Sports facilities at school include basketball courts, tennis courts, badminton courts, football field, cricket pitch, skating ring, and volleyball courts.

Cambridge International School, CAIE - Cambridge Assessment International Education prepares school students for life, helping them develop an informed curiosity and a lasting passion for learning.

The Cambridge International General Certificate of Secondary Education (IGCSE), AS and A level qualifications are the most recognized qualifications around the world. Cambridge qualifications are recognized as a reliable record of attainment and progress which counts towards entry to universities and colleges around the world. SGCIS offers a flexible course of study that gives candidates the freedom to choose from a wide range of subjects that are right for them, while providing them with a broad knowledge base and lifelong skills for school, university and beyond. This world class Cambridge curriculum is 'student friendly' and helps the students to 'think out of the box'.

- Cambridge Primary develops students' skills and understanding through the primary years in 10 subjects, including English (as a first or second language), mathematics and science.

It focuses on developing knowledge and skills in core subjects which form an excellent foundation for future study.

- Cambridge Lower Secondary is an excellent preparation providing strong foundation for Cambridge Upper Secondary and for progression to other educational systems.
- Cambridge IGCSE is the world's most popular international qualification for 14 to 16-year old.

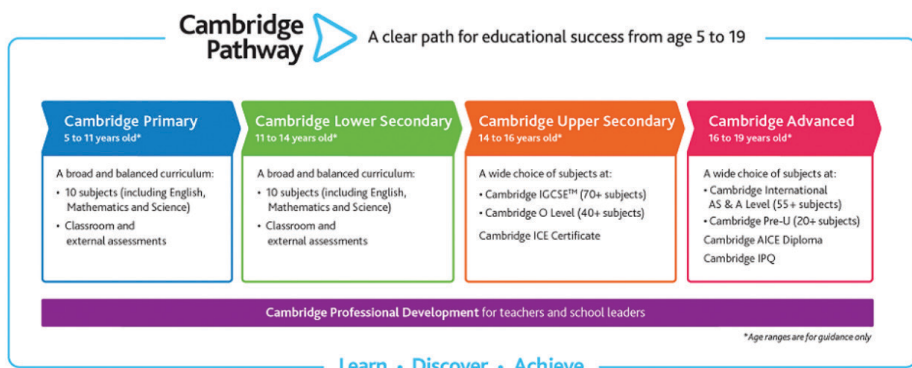

Cambridge IGCSE gives students the flexibility to choose from 70 subjects in varied combinations.

- Cambridge Advanced is typically for students aged 16 to 19 years who need advanced study to prepare for university and higher education.

The Cambridge Advanced stage includes Cambridge International AS & A Level qualifications offering 55 + subjects.

The school encourages teaching practice that engages students in their own learning, promoting the Cambridge Learner Attributes:

- Responsible – for themselves, responsive to and respectful of others
- Innovative – and equipped for new and future challenges
- Engaged – intellectually and socially, ready to make a difference
- Reflective – developing their ability to learn, and
- Confident learners – in working with information and ideas – their own and those of others.

Cambridge Primary is an education programme for young learners that combine a world-class curriculum, high-quality support for teachers and integrated assessment. This is a transdisciplinary programme which focuses on developing the whole child. Students from grade 1 to 4 learn through examining units which are delivered by both classroom teachers and subject specialists. In the primary school, we have specialist teachers of art & craft, music, dance, and PE. Dance, music, drama, art and experiential learning are not regarded as "extra" curricular at all but an essential part of learning.

The subjects offered for Cambridge Primary Program for academic year 2019-20 are as follows:

- 1st Language: English
- 2nd Language: Hindi/Kannada/French
- Mathematics
- Science
- ICT, Art & Craft, Music, Dance, Life Skills
- Yoga, Physical Education

CAMBRIDGE PRIMARY CHECKPOINT

Cambridge Primary assessments start from Grade 3 and use internationally benchmarked tests. They give a detailed feedback about a child's cognitive capabilities.

There are two Assessment Methodologies:

- Cambridge Primary Progression Tests (Marked by School).
Cambridge Primary Progression Tests provide valid internal assessment of knowledge, skills and understanding in English, Mathematics, Science, Social Studies and Second language. The tests enable learning to be assessed each year, provide detailed information about the performance of each learner for stages 3, 4 and 5.
- The students of Grade 5 will take the Cambridge Primary Checkpoint Exam. (Marked by Cambridge Examiners)
The English, Math and Science tests are marked in Cambridge and provide schools with an external international benchmark for learner performance.

NGI

Nagarjuna College of Engineering and Technology (NCET) is a premier top-rated institution under Nagarjuna Group of Institutions (NGI) and has been proudly promoted by NCC since 2001. NCC has been ranked the "2nd Largest Construction Company in India" by a Construction World-NICMAR study. Having produced landmark civil engineering projects worth billions in the last three decades, NCC today, represents the very best of the construction industry.

NCET is blessed with a strikingly beautiful campus very close to Bangalore International Airport with exceptional infrastructure and academic facilities. The institution has been granted autonomy by Visvesvaraya Technological University (VTU) and has been accredited by NAAC with an A grade. Our departments have also been accredited by the National Board of Accreditation for quality academic output. The institution is ISO certified and has been approved by the UGC and AICTE.

NCET is home to some of the finest academicians hailing from IITs, NITs and the IISc. The institute enjoys an efficient confluence of industry and academia with industry oriented curriculum transforming it into a centre of academic excellence for the overall development of the student community and the nation.
